

Paint Tool Assignment - Solution

Paint Tool Assignment - Solution

Assignment Title: Microsoft Paint Tool Practice

Objective:

To learn basic drawing and editing skills using MS Paint.

Tasks and Solutions

1. Draw a Scenery

Task: Draw a simple scenery with sun, mountains, trees, and a house.

Solution:

- Use the "Line" and "Curve" tools to create mountains.
- Use the "Circle" tool for the sun.
- Draw a rectangle for the house and triangle for the roof.
- Use the "Fill with color" tool to color each part.
- Use "Brush" or "Pencil" for grass and sky details.

2. Draw National Flag of India

Task: Draw the Indian flag using rectangle and color tools.

Solution:

- Use Rectangle tool to draw three equal horizontal stripes.
- Fill with Saffron (top), White (middle), Green (bottom).
- Draw Ashok Chakra using Circle tool + Line tool in the center.

3. Use Text Tool

Task: Write your name in different font and size using the text tool.

Solution:

- Select Text Tool (A icon).
- Choose different Fonts and Sizes from toolbar.
- Write your name in a colorful box.

4. Use Shapes Tool

Task: Draw different shapes: circle, rectangle, triangle, star.

Solution:

- Use built-in Shape tools from the toolbar.
- Apply different colors and outlines for each shape.

5. Save and Print

Task: Save your drawing as PNG and print it.

Solution:

- Go to File > Save As > PNG Picture.
- To print, select File > Print.
