Respected Sir,

I have a saving account in your bank. The account no. is **28792128639**. I Have received net banking user id as 14598793578 but unfortunately, I have lost The password. The current mode of delivery of transaction password document is "By post".

I would like to change my 'mode of delivery' as "Email" to receive my Password urgently. It is on high priority. please send the request to your main Bank the earliest.

Thanking you in anticipation

Regards,

Siddhi Gawade
